

Expand the number and type of course offerings *(without increasing faculty)*

Collaboration with CEII can help your institution

- ◆ Add courses to existing areas of study and/or develop new programs
- ◆ Develop new student bases by offering new and innovative courses
- ◆ Increase an affinity to your institution in the community

Opportunities include:

- Certificate Programs**
- Career Development Courses**
- Specialty Interest Series**
- Full Day Intensives**
- Conferences**
- Private Trainings**
- Continuing Education**

We tailor courses on your campus or in the community plus offer you support services and promotional efforts to meet your needs and reflect your brand recognition.

We have over 20 years experience collaborating with industry leaders, top ranked institutions, and state/local agencies to provide quality live, online and blended programs .

Offer continuing education to professionals and organizations in your area

Bring your college into the community and into the training rooms of local businesses

- ◆ Educate professionals with the most current information on topics relevant to their occupation or organization.
- ◆ Improve your image and develop new avenues of promotion in your community.
- ◆ Grow your faculties' acumen with opportunities to work with local organizations.
- ◆ Enhance relationships with health systems and health care providers in your area.

**You determine the services meaningful to your goals -
